ENGAGEMENT OF MISS GRANT.

Announced at a Brilliant Reception in Paris—Confirmed by Her Father.
PARIS, May 5.—Mrs. Potter Palmer of Chicago gave a brilliant reception last evening at the Hotel Ritz in honor of the mother of Prince Michel Cantacuzene of the Russian imperial guard, at which formal announcement was made of the betrothal to Prince of Miss Julia Dent Grant, daughter of Brigadier General Frederick Dent Grant, U. S. V.

two members of the Nebraska regiment, and one of the Montana and one of the South Dakota wounded. The enemy's loss was very slight.

After a short rest the advance was continued. General Wheaton encountered the first series of entrenchments near San Fernando. The rebels now opened a hot fire.

Colonel Funston of the Twentieth Kansas was wounded, one lieutenant was killed and four were wounded while leading four companies of the Kansas regiment to outflank the enemy.

General Hale rushed along the road flanking the trenches. MANILA, May 5.—Major General MacArthur carried San Tomas, Thursday, after encountering a strong resistance. Brigadier General Hale moved on the enemy's right and Brigadier General Wheaton attacked the left in a daring charge, in which Colonel Funston was distinguished himself. The Kansas was wounded in the hand and several other officers and enlisted men were also wounded.

Colonel Sumner, with a part of the Oregon and Minnesota regiments and a gun of the Utah battery, took Masin on the right, resting about four miles from San Fernando.

The Filipinos were retreating toward San Isidro and it was expected that they would make a stand at Arayat, at which place the whole of the rebel force in the province of Pangasinan was concentrating. It was reported, impressed by recent events, the Filipinos were wavering in their allegiance to the insurrection and were likely to assume a neutral attitude. It seemed as though General Antonio Luna's forces were destined to destruction within a few days unless they surrendered or scattered.

The American army was skillfully posted at points of immense strategic advantage. The insurgents expected them to advance on Pailang by way of Quinana, and had furrowed the entire country beyond Quinana, with the strongest sort of entrenchments. Instead of taking this course General MacArthur swung toward San Tomas, the route to which was almost untroubled.

General Lawton brought his brigade against Balana, from the southeast, covering the line of retreat of the rebels toward the mountains and depriving them of a refuge upon which they had always counted. General Lawton captured about 50,000 bushels of rice and important stores established by the rebels.

The American commissioners made another futile attempt for the relief of Spaniards held as prisoners by the Filipinos. Their vessels advanced to the port nearest Dagupan. Fearing to land they sent a letter to Aguinaldo, saying they were authorized to exchange 15,000 Filipinos now in the hands of the Americans for the Spanish prisoners. A reply was received from Senor Ma-hini, Aguinaldo's prime minister, which was dated April 28 and which stated that Aguinaldo was negotiating for peace, pending which negotiations he could not discuss the question of exchange of prisoners.

CABLEGRAMS FROM OTIS.

Reported Some of the Fighting and Military Situation—Nine Thousand Rebels Near Manila.

WASHINGTON, May 5.—Cablegrams from General Otis said:

MANILA, May 4. Adjutant General, Washington: Colonel Sumner, with six battalions, Oregon, Dakota, Third infantry and a piece of the Utah Light artillery of General Lawton's division, proceeded north this morning to Masin, crossed the river and changed the enemy in strong entrenchments, driving them northward and inflicting considerable loss. His casualties were two wounded.

Both Wheaton and Hale of MacArthur's division found the enemy in force strongly entrenched and commanded by Commander-in-Chief Luna, about four miles south of Fernando. Hale, on the right, dislodged the enemy, and Wheaton, on the left, leading in person, made a brilliant charge, scattering his forces and inflicting great punishment. Several officers and enlisted men were seriously wounded.

MacArthur proceeded from San Fernando in the morning. He was delayed by a partial destruction of the bridge across the river. It is not believed the enemy will make another determined stand until he effects a retreat to Mount Arayat, a short distance from San Isidro.

MANILA, May 4. Adjutant General, Washington: Situation as follows: Lawton holds Balina, captured on the 2d inst., after a rapid movement from Angat, where he was supplied with a wagon train, pack animals and mules. He scattered the strongly entrenched enemy to the

north and northwestward, capturing large amounts of food supplies, and has his detachments to north and eastward. His successful movement was attended with great difficulty because of the character of the country, rain and heat. He now covers our railway communication and will be supplied from Malolos. MacArthur's column concentrated and took up the advance on San Fernando at 6:30 this morning. Do not apprehend sharp resistance on part of enemy, who will probably leave railroad and retire in a northerly direction to north of Lawton. The destruction of the railroad near Calumpit necessitates dependence on wagon transportation.

The enemy to the south and east of Manila, 9,000, is opposed by a sufficient force under Overseas and Hall. His demonstrations thus far have been properly met by these officers with slight losses. Many requests have been received from outlying cities for protection against insurgent troops. Otis.

JONES FOR GOVERNOR.

Announced He Would Try For Republican Nomination.

A SPECIMEN BALLOT FILED.

Headed "Jones For Governor" and Also on It Was a Picture of the Mayor—He Said He Would Run If the People Wanted Him.

Toronto, May 5.—Mayor Jones announced that he would be a candidate for governor at the next Republican convention.

Reynold Vart, the mayor's private secretary, filed with the board of elections a specimen ballot to be used at the Republican primary containing a list of 21 delegates to be voted for to represent Lucas county at the coming state convention. The specimen ballot was headed "Jones for governor" and also carried a picture of the mayor. In the list of names were several who were active managers in Mayor Jones' recent campaign. All of the men on the Jones ticket were pledged to support him at the convention.

Mayor Jones, when seen by a reporter, said that he knew of the ticket and knew that an effort was being made to nominate him. He will be a candidate, providing the people want him. The only other list of delegates filed was one pledged to stand by the administration of President McKinley and pledged as to the nominee for governor.

MONNETT'S INFORMANTS.

Standard Attorneys Made a Motion That He Be Compelled to Give Their Names.

COLUMBUS, May 5.—Hon. Virgil P. Kline and M. F. Elliott, as attorneys for the Standard Oil company, filed in the supreme court a motion to compel Attorney General Monnett to make more specific the statement recently filed by him alleging that he had been approached by persons offering bribes if he would dismiss the suits against the Standard Oil company. The motion asks the court to require the names of all persons who are alleged to have been connected with the attempted bribery, not only of Monnett, but also of former Attorney General Watson, to be given. It further asks "That a commissioner be appointed to take all legal testimony which bears upon the truth or falsity of the charges contained in the attorney general's statement to the supreme court, and that a disinterested attorney be appointed to conduct the examination upon the part of the court."

In support of the requests contained in the motion, the attorneys for the defendant made the following statements upon information and belief: "That all the facts set forth in said paper, so far as they concern the defendant, were in any attempt at bribery or undue influence, are false; that while Attorney General Monnett may have had conversations with some person unconnected with and unknown to the defendant, nothing therein occurred, which gave the attorney general any reason to believe that the defendant had any knowledge of or connection with the matter; that the attorney general has filed the newspapers with false and libelous reports of attempts at bribery on the part of the defendant, well knowing there was no foundation for the same; that until the attorney general gives the name of his friend, defendant cannot prepare to meet these charges; and by reason of the facts alleged it is evident that both F. S. Monnett and S. W. Bennett must be witnesses in the case; that the attorney general is not disinterested and can only acquit himself of false and libelous statements and free himself from suspicion by proving defendant guilty of the charges he has preferred. Wherefore it is highly improper and unjust that he, as representative of the court should conduct the investigation."
